THERE IS A FEELING YOU HAVE YET TO EXPERIENCE

# AFRICA IS OUR HOME

**Come share in the iconic spectacles and wonders that make Africa so amazingly unique. The Private Flights experience realizes the true flying safari.**

Africa is the continent that captures your imagination and indelibly finds a place in your heart. From the iconic Savannah plains through to the majestic wildlife, Africa will find a way of touching your soul and inspire an insatiable desire for more. A continent of mystique, as you explore her bustling cities or find yourself sleeping under the stars in a luxury lodge or rejuvenating on your own private beach. Allow us to make your dream possible, by getting you there with our dedicated charter flight service, where we offer the highest standards of service. The Private Flights experience: the freedom to explore the most secluded and exclusive safari and holiday destinations on the continent, whilst avoiding those transits via regional hubs; the freedom to write your own story without compromising on quality and efficiency. Multi-country itineraries are made simple, in an efficient time saving fashion, on your own aircraft to take you from one remote destination to another - via any port of entry on the continent. Our only limit is the extent of your creativity.

# AN AUTHENTIC EXECUTIVE JOURNEY

Clients are expertly taken care of by our crew and ground staff, before, during and after the flight. You can choose from options, such as:

- ◆ VIP MAS and VIP Lounges at selected airports
- ◆ Fast-track clearing of formalities
- ◆ Light catering (premium wines and spirits on demand)
- ◆ VIP Concierge Service for hotel, ground transport, heli-transfers (additional charges apply)
- ◆ Live satellite tracking feed in compliance with ICAO GADSS
- ◆ 2 crew operations

# PC12

The Pilatus PC12 is a turboprop aircraft with jet-like flying abilities manufactured by Pilatus Aircraft Ltd, Switzerland. With the precision and finest craftsmanship of the Swiss, the PC12 has gained a reputation for its outstanding flexibility, performance and safety records, becoming the aircraft

of choice to many business people. It has the finesse and luxury of a private jet aircraft, but the rugged charm of being able to connect with remote and often unpaved airstrips. Travel in speed, style and comfort, as you explore the almost unexplored.

# YOUR LIVING ROOM AT 28,000 FT

**No compromises on comfort for your private flights.**

PC12 passengers can enjoy a comfortable and jet-like experience even when reaching the most secluded of bush airstrips. Its cabin is pressurized, so you can travel higher and faster, above the weather or on a clear day, with the most spectacular views of Africa. A spacious cabin for you to stretch your legs and while away your time at your leisure.

# C208

The work horse of our fleet is the Cessna C208 Grand Caravan, a rugged turboprop aircraft that was almost designed to fly safely in the African bush. Built by the US-based Cessna Aircraft Company (a subsidiary within the Textron Group), the Caravan delivers exceptional performance, the “go-to” aircraft for both business and pleasure, suitable for both passenger transport and freight carriage. With a high payload capacity, big doors and cabin, fantastic visibility and powered by Pratt & Whitney engine, this is an excellent and versatile machine for any task.

# PRODUCTS

The most convenient way to explore and take in the continent

# PRIVATE CHARTER FLIGHT

**Private Flights is the most convenient way to explore and live Africa, privately and directly to your destination.**

A private flight is a flight tailored on clients' needs. The service is fully custom-made: routing, date, time and all feature of the service can be designed so to travel in the most efficient and enjoyable way. And of course a private charter flight can reach any destination, breaking free of the limitations of scheduled commercial flights. Our vocation is the African wilderness but a private flight is the most flexible way to arrange any traveling, leisure or business. Get in touch with our team to tailor your Private Flights experience.

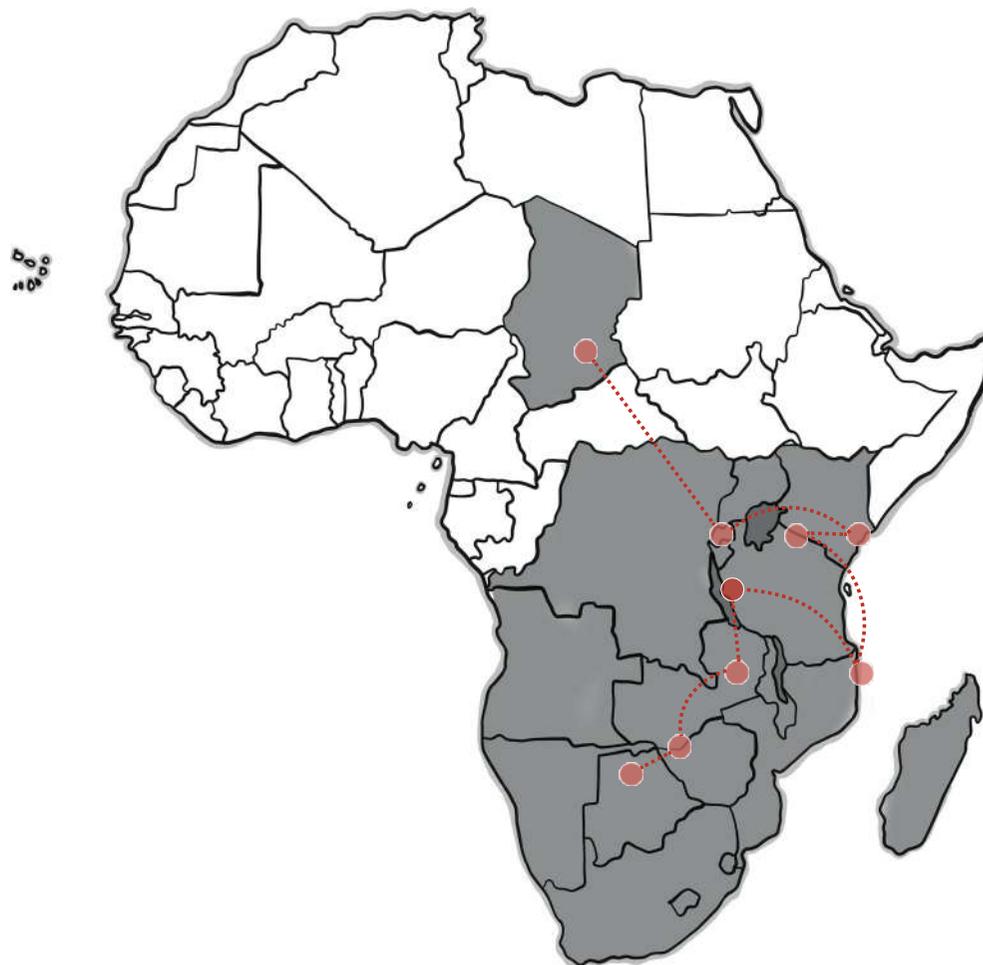

# MULTI-COUNTRY

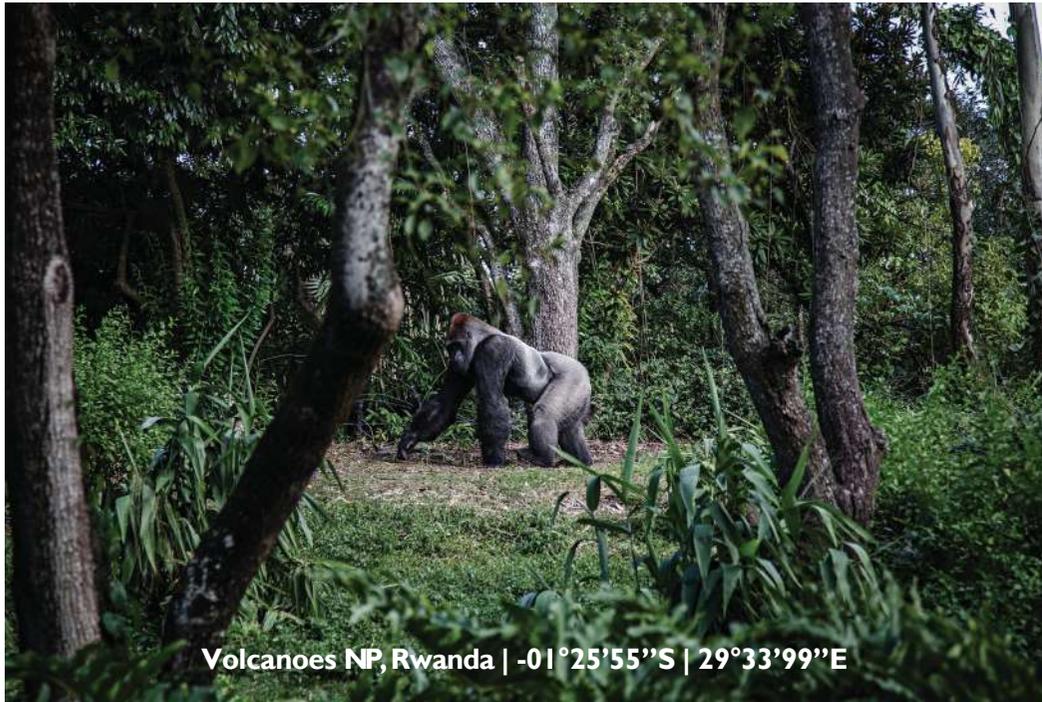

The Multi-Country flying safari pushes the boundaries of the private flight to deliver the utmost flying safari experience.

A dedicated aircraft and crew will follow your customs multi-country itinerary across Africa. An unparalleled service based on the exceptional performance of the PC12 and the versatility and customer-care dedication of our flying crews. This product is an opportunity for those clients who wish to experience different cultures and landscapes of the continent in the same trip, connecting bush-to-bush safari destinations of African nations, without unnecessary night-stops at major hubs, to create that unspoiled adventure feeling.

Get in touch with our team to start designing your own Multi-country flying safari.

- ◆ Based on PC12
- ◆ From March 15th to May 20th and from October 20th to Dec 15th
- ◆ Aircraft and crew to follow the itinerary
- ◆ Min service 3 flights over two countries

Volcanoes NP, Rwanda |  $-01^{\circ}25'55''\text{S}$  |  $29^{\circ}33'99''\text{E}$

Victoria Falls, Zambia and Zimbabwe |  $-17^{\circ}55'24''\text{S}$  |  $25^{\circ}51'16''\text{E}$

THAT UNIQUE, OTHERWORLDLY, MOMENT OF BEAUTY

# SCENIC FLIGHT

**A sightseeing experience is a perfect add-on to any private flights.**

African breath-taking landscapes are one of the best memories clients bring home. On a private charter it is possible to dedicate some flight time to the sightseeing activity of the natural landmarks. Get in touch with our team to add a scenic flight experience to your itinerary.

# AIRCRAFT SPECIFICATIONS

**PCI2**

## GENERAL CHARACTERISTICS

Capacity	8 pax executive , 9 pax commuter
Length	14.40 m (47 ft 3 in)
Wingspan	16.23 m (53 ft 3 in)
Height	4.26 m (14 ft 0 in)
Max takeoff weight	4,500 kg (9,921 lb)
Powerplant	Pratt&Whitney PT6, 895 kW (1200 hp)

## PERFORMANCE

Cruise speed	445 km/h (276 mph)
Rate of climb	512 m/min (1,680 ft/min)
Service ceiling	9,150 m (30,000 ft)
Range	2,800 km (1,740 miles)

## CABIN

Length	5.16 m (16.93 ft)
Height	1.47 m (4.82 ft)
Width	1.52 m (5.0 ft)
Volume	9.34 m <sup>3</sup> (330 ft <sup>3</sup> )
Cargo Door	1.35x1.32 m (53x52 in)
Baggage Compartment	1.13 m <sup>3</sup> (40 ft <sup>3</sup> )

**C208**

## GENERAL CHARACTERISTICS

Capacity	12 pax
Length	12.67 m (41 ft 7 in)
Wingspan	15.88 m (52 ft 1 in)
Height	4.32 m (14 ft 2 in)
Max takeoff weight	4,110 kg (9,062 lb)
Powerplant	Pratt&Whitney PT6, 505 kW (677 hp)

## PERFORMANCE

Cruise speed	278 km/h (173 mph)
Rate of climb	235 m/min (770 ft/min)
Service ceiling	4,785 m (15,700 ft)
Range	2,000 km (1,243 miles) with max fuel & reserves

## CABIN

Length	5.1 m (16.7 ft)
Height	1.3 m (4.3 ft)
Width	1.6 m (5.2 ft)
Volume	9.6 m <sup>3</sup> (340 ft <sup>3</sup> )
Cargo Pod Door	36 cm x 68 cm (14.5 in x 27 in)
Baggage Compartment	1.13 m <sup>3</sup> (40 ft <sup>3</sup> )

# COMMITTED TO SAFETY

**At Coastal, your safety is at the top of our agenda.**

All our flights are operated with two crew in a MCC (multicrew coordination) environment, not only two pilots co-located in the cockpit but working together as a team to manage the workload, share tasks and responsibilities, with the ultimate objective to create the safest possible travel experience for you.

# CARBON EMISSIONS OFFSET BE THE CHANGE

We offset all of our private flights carbon dioxide emissions, through local partners, for local forest conservation projects.

As a company and as individuals we understand the responsibility upon us to be the change to slow down climate change. We have teamed up with local partners operating under international standard of certification to support REDD (Reducing Emissions from Deforestation and forest Degradation) projects aimed at protecting forests, wildlife and engaging rural community in Tanzania. Every private flight's emission of carbon dioxide is offset retiring the corresponding carbon credit value emitted by our local partner. You will see the offset included in your quote and can get involved in the programme to know how we offset that emission.

With Coastal, be the change.

From humble beginnings and a single plane flying into Selous Game Reserve, we have grown to become the premier aviation company of Tanzania, pioneering new routes as we open up the country to air travel. As the common denominator between the quality tourism establishments, the resident communities and private sector corporate charter clients of the region, Coastal Aviation play a key role in the development of the country and its economy.

**Coastal Aviation has been operating out of Dar es Salaam, Tanzania since 1987, strategically developing a far-reaching and extensive range of Air Private flights and Scheduled flying safaris across the region.**

**Coastal**  
*The Flying Safari Company*

An aerial photograph of a vast, open landscape. The foreground shows a dirt road with a small, light-colored airplane taking off, kicking up a cloud of reddish-brown dust. The middle ground is a wide, flat expanse of land covered in low-lying green and brown vegetation. In the background, there are rolling hills and mountains under a clear sky. The overall scene conveys a sense of freedom and exploration.
