Punctuality: Coastal Flying Safaris are designed to link camps in very remote tourist destinations and are sometimes subject to constraints and factors that are hardly predictable. Additionally, the routing of the flight can be adjusted depending on the actual number of stops at the time of operation. Therefore departure and arrival times are necessarily rough estimates and may be revised on the day of the flight. Camps and ground operators are constantly kept updated on aircraft movements to ensure smooth connections so that the safari program will not suffer. Our flight dispatch officer can be contacted anytime for updated information on the actual landing and takeoff time.

Inducement flights: Coastal is operating a few pioneer routes for which the demand is still not high enough to allow a regular daily operation. These routes therefore require the incentive of a minimum number of passengers per booking to induce us to operate the flight

Intermediate stops: Coastal's flights are designed to serve a complex network throughout Tanzania. Please keep in mind that unless otherwise stated flights are not guaranteed to be direct to the destination as there may be intermediate stops to collect or drop off other passengers.

Stops on request: Means our ability to stop in an airfield of the customer's choice. However for operational reasons only a limited number of stops are possible. We request you to enquire in advance.

Rainy season: Flights marked with a star (*) are suspended during the long rains (mid March - end May) for exact dates please contact us.

This pricelist does not contain all our flights. Your desired flight not on this pricelist? Call us.

Sometimes small changes may be introduced on the schedule during the year, when in doubt please visit our website: <http://www.coastal.co.tz/schedule-and-fares/> as it will always display the up to date version.

Please note: This schedule is not a commitment and does not act as a confirmation of flights. All prices and times are subject to change.
